Addendum No. 3: Notice for Extending the Evaluation and Selection Process for Qualifications for Engineering Services

Date Issued: October 6, 2026

01. Revised Timeline.

FCA anticipates that its evaluation of submitted qualifications will continue for an additional period, extending FCA's Notice of Intent to Award beyond the previously estimated date of October 9, 2026. FCA currently estimates it will issue its Notice of Intent to Award no earlier than November 9, 2026. As stated in the RFQ, all dates in the estimated timeline are subject to change. This extension does not reflect any change to the evaluation criteria or process described in the RFQ, and does not reflect any determination FCA has made regarding the relative qualifications of any submitting firm.

02. No Other Changes.

Except as described in this notice, all other terms, conditions, and requirements of the RFQ, including Addendum No. 1 and Addendum No. 2, remain unchanged and in full force and effect. This notice does not amend the Scope of Work, the evaluation criteria, or any other substantive term of the RFQ.

03. Questions.

Questions regarding this notice should be directed in writing to FCA's Contract Administrator, Stacy Lowery, at stacy.lowery@fcasolutions.org and scada.rfq@fcasolutions.org or 541.716.6085.

FCA appreciates your firm's continued interest in this Project and its patience as FCA completes its evaluation.
